## MESSAGE OF VICE CHANCELLOR

Federal Urdu University of Arts, Science and  
Technology (FUUAST)

FUUAST

It gives me immense pleasure to witness the publication of the very first newsletter by the Office of Research, Innovation, and Commercialization (ORIC) at FUUAST. This marks a significant milestone in our journey toward academic excellence, research advancement, and community engagement.

I would like to extend my heartfelt appreciation to the entire ORIC team for their dedication, foresight, and hard work in bringing this initiative to life. A newsletter such as this serves not only as a chronicle of our achievements but also as a window into the vibrant intellectual and innovative activities taking place at our university.

As we continue to grow, we recognize the many challenges we face — from limited resources to evolving global standards in higher education. Yet, within these challenges lie immense opportunities. The need for impactful research, meaningful collaborations, and innovation-driven solutions has never been greater. FUUAST is committed to rising to the occasion, encouraging a culture of inquiry, and supporting our scholars and students in pushing boundaries.

It is with great pride that I also share a piece of encouraging news: FUUAST has appeared for the first time in the global SDG (Sustainable Development Goals) rankings. This is not only a reflection of our efforts toward sustainability and social responsibility, but also a reminder of the potential we hold to contribute meaningfully to national and global development.

Let this newsletter be a beacon of our progress and a source of inspiration for all. I look forward to the continued efforts of ORIC and the wider university community in steering FUUAST toward a brighter, more impactful future.

With optimism and resolve,

Professor Dr Zabta Khan Shinwari

## MESSAGE FROM THE DIRECTOR

It is with great pride and commitment that I serve as the Director of the Office of Research, Innovation and Commercialization (ORIC) at the Federal Urdu University of Arts, Science & Technology. ORIC is dedicated to fostering a dynamic research culture, supporting innovation, and strengthening the university's linkages with

industry and society. Our mission is to facilitate high-impact research, promote entrepreneurial initiatives, and ensure that the knowledge generated within our institution translates into meaningful outcomes for the economy and society at large. We aim to empower faculty and students by providing resources, guidance, and platforms that promote excellence in research and development.

In a rapidly evolving global landscape, the role of research and innovation has never been more critical. ORIC FUUAST is committed to staying at the forefront of this change by encouraging interdisciplinary collaboration, ethical research practices, and sustainable solutions that address real-world challenges.

I extend my sincere appreciation to our faculty, researchers, students, and industry partners whose continued support and dedication drive the success of ORIC. Together, we aspire to build a future-oriented academic environment that contributes not only to national progress but also to global knowledge economies.
