Brief History of Federal Urdu University

When Pakistan came into being that Baba-e-Urdu Dr. Molvi Abdul Haq established an institution namely Urdu College in 1949 with a concept of same Usmania University and Ali Gardh University especially for teaching all subjects in Urdu. In 1954 the college includes the subjects of sciences in syllabus. During 1972 the Government of Sindh nationalized the all educational Institution including Urdu College, but during 1975 Federal Government took over this college because of national language Urdu. A remarkable period was started to promote education in our national language. Afterword the Urdu College was divided into two parts one called Urdu Arts College and other one called Urdu Science College under the supervision of two separate Board of Governors. A new era was raised and the both colleges started classes of M.A, LLM and M.Sc. The examinations were conducted by Karachi University. There were very good results of both colleges than Karachi University. Preferably most of the students were interested to get admission in these colleges for good results. In 2002 Dr. Atta-ur-Rehman who was the member of Board of Governors and chairman of HEC, he proposed for up gradation of both colleges as University namely Federal Urdu University for Arts, Sciences and Technology. The President General Parvez Musharraf signed a presidential decree and issued a notification ref: CXIX-2002 on 13th November 2002, and according to this the colleges were upgraded and on other hand the National Assembly also approved the resolution and provides the legal status for all universities of public sector. In 2004 a campus was established in Islamabad, such as the University running three campuses two in Karachi and third one in Islamabad. Needless to say that Federal Urdu University is above all other institution because this is the only University in Pakistan of national language a symbol of unity and providing higher education in national language. FUUAST have great privilege to establish our campuses anywhere in the country as well as in abroad. Because of all this remarkable progress the dream of Baba-e-Urdu came true. From the very day the FUUAST is struggling to maintain a quality education and research more over establishing new development and facilities to face the new challenges of the new era. The progress and expansion of the University over the short period of time since its inception, is remarkable, presently the University offers 39 undergraduate and 31 masters programmes besides M. Phil and Ph.D programmes under its full-fledged facilities including those of Arts, Islamic Studies, Education, Languages, Sciences & Technology along with Engineering, Business Management, Commerce & Economics Programs.
